### And this is what we aim to do

- Provide a high quality education, where children can grow in knowledge and understanding.
- Equip all children with appropriate skills, attitudes and values.
- Create an environment where every child can fulfil their potential.
- Encourage every child to benefit from our caring staff and fine facilities.
- Enable every child to communicate with confidence in every situation.
- Treat every child with the highest standards of courtesy, loyalty, honesty and fairness, and expect the same from them in return.

#### 1 Introduction

- 1.1 We recognise that people may wish to have their personal mobile phones at work for use in case of emergency. It is acknowledged that people may also have other technological devices in their possession or within their personal belongings. Safeguarding of pupils within the school and early years setting is paramount and it is recognised that personal mobile phones, cameras and technological devices have the potential to be used inappropriately and therefore the setting has implemented the following policy.

#### 2 Statutory Regulation

- 2.1 The Early Years Safeguarding and Welfare Requirements (para 3.4) require all schools to have a clear policy on the use of mobile phones, cameras and devices.

#### 3 Code of Conduct

- 3.1 The Cognita Code of Conduct for staff states, 'Cognita does not permit the use of personal mobile phones and cameras by staff where children are present'.

#### 4 Use of Personal Devices by Staff and Volunteers

- 4.1 Staff may use their mobile phones and personal devices outside of working hours, on school premises, **providing there are no children present.**
- 4.2 Staff are allowed to use their mobile phones, cameras or technological devices in the staffroom, offices and off-site during breaks and non-contact time.
- 4.3 Staff who ignore the school policy may face disciplinary action.

- 4.5 In circumstance such as outings and off-site visits staff are to use school mobile phones. In the event of the failure of a school mobile phone, staff may use their personal devices. In these instances this must be reported to the headmaster as soon as practicable.

In the event of an emergency personal mobile phones can be used. **Under no circumstances should the phones be used for anything other than emergencies e.g lockdown.**

- 4.6 Where there is a suspicion that the material on a mobile phone, camera or technological device may be unsuitable and may constitute evidence relating to a criminal offence the school will follow the Staff Code of Conduct Acceptable Use Policy.

### **5 Use of Personal Mobile Phones, Cameras and Technological Devices by Others (this may include children, parents, visitors and contractors)**

- 5.1 There are signs around the EY setting indicating that no mobile phones are to be used. On entry to the school, visitors and contractors are briefed on the use of mobile phones. Staff are encouraged to ask parents, visitors and contractors to put phones away when entering the school site.
- 5.2 Staff are permitted to use their professional judgement in exceptional circumstances such as a family emergency and must seek advice and inform SLT of any breaches.
- 5.3 If necessary visitors and contractors are asked to seek permission from SLT should they need to use mobile phones. They will be advised of a designated area within the school where they can use their mobile phone eg school office.
- 5.4 Staff are encouraged to approach parents, visitors and contractors to ensure that photos of children are not taken without prior permission. Any breaches are to be reported to the headmaster.
- 5.5 There are signage clearly displayed around the school building to alert parents.
- 5.6 Parents and careres are permitted to take photographs of their own children at school events (such as sports day, plays and assemblies) but are strongly advised not to share these images or videos on social media.
