Help parents, practise instruments, finish up any work, relax	Reading 40 mins and exercise. Help parents, practise instruments, finish up any work, relax	Reading 40 mins and exercise. Help parents, practise instruments, finish up any work, relax	Reading 40 mins and exercise. Help parents, practise instruments, finish up any work, relax

I have put together a timetable that you might wish to use – or you might wish to come up with one of your own to fit in with your family.

With the tasks we will be setting there will always be extension work – so getting onto some of these tasks in any of the red or amber lessons will be fine. It might be that you need to finish off some of your English or maths in these times too, as some of the English and Maths time you will be on Teams with us.
